Introduction:

Indus Infra Projects started as a construction company in 1991. Over the years the Company has undertaken many challenging projects and later established as a Private Limited Company in 2008. It is a growing infrastructure company with accumulated skills and experience in small to medium sized projects like Asphalt /CC Road projects, Pipeline projects, Canal projects, Structure works, Construction of Underground drainage system & Construction of Buildings.

Our objective is to provide our clients with “We are assured” experience when we are chosen to execute their projects. Our emphasis on clear communication and follow-through procedures ensures that client's objectives are top priority in the planning and execution of all our processes.

Our Project management and execution Philosophy is:

- Create detail schedule and resources plan to meet client project objective
- Communicate clearly with all project management
- Track project progress and fine-tune deviations
- Supervise closely on quality of work done
- Complete and commission the project on time

We take pride in our delivery, thus our clients can always be assured that only the most experienced and qualified people are serving them, all the time.

Our Vision:

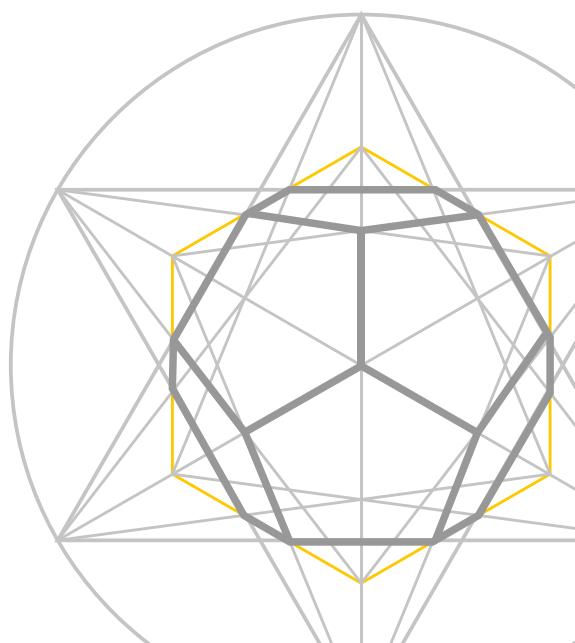

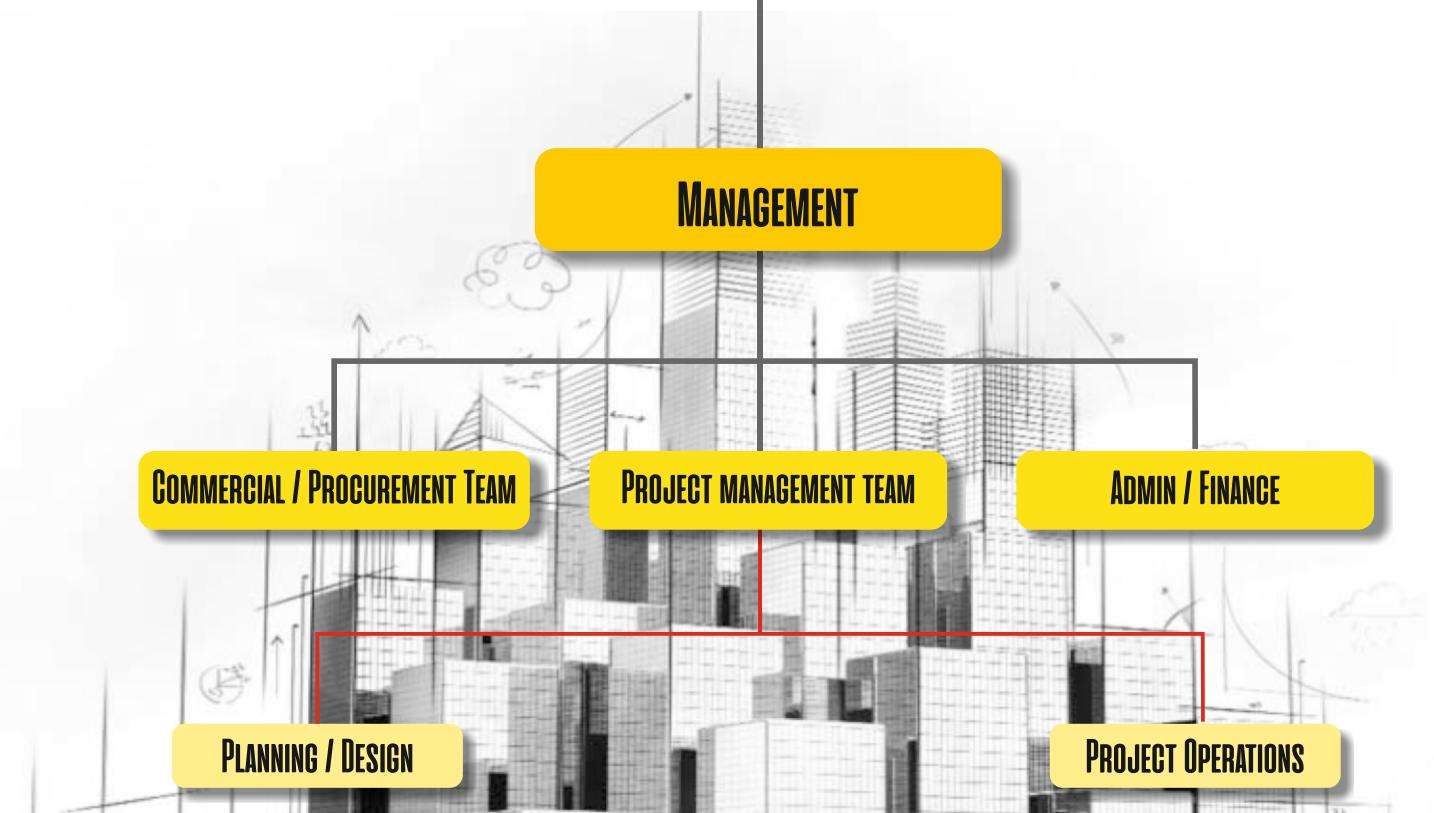

To be a respectable civil contractor delivering beyond expectation, always.

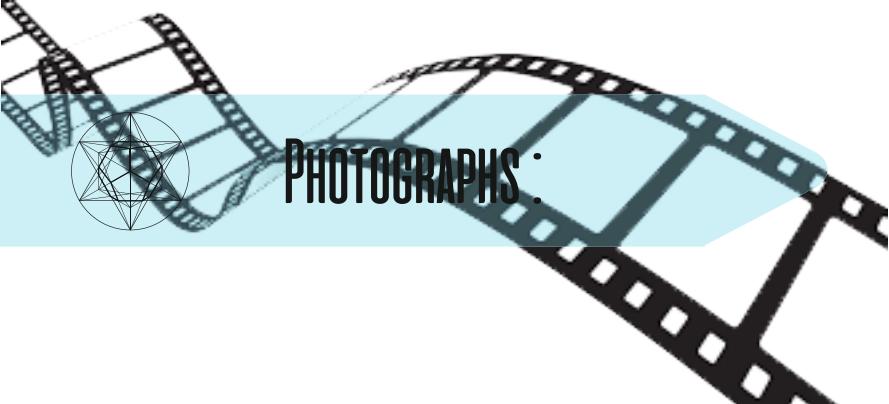

Our Mission:

To procure projects at competitive pricing, provide safe working conditions and deliver quality work within reasonable time frame.
